PORTABLE ULTRASOUND

VINNO A3 Main Unit

KEY FEATURES AND TECHNOLOGY

- Advanced Imaging Tools
- Tri-modal Imaging Acquisition
- Needle Visualization
- Revolutionary RF Platform
- Workflow Efficiency
- Ergonomic Design

CLINICAL APPLICATIONS

- Obstetrics & Gynecology
- Specialty Fields: Used for MSK, Vascular, Urology, and small parts imaging.
- Cardiology

NGN 10,208,778.57

PORTABLE ULTRASOUND

VINNO A5 Main Unit

KEY FEATURES AND TECHNOLOGY

- Specialized Imaging
- Intuitive Workflow
- Next-Generation RF Platform
- Onboard Scan Coach
- Display: 15.6-inch high-resolution LED monitor (1920x1080) with a wide viewing angle (-178° to +178°).
- Touch Screen: 8-inch integrated capacitive touch panel.
- Probe Ports: 2 active transducer ports

CLINICAL APPLICATIONS

- Emergency & ICU
- MSK & Pain Management
- Pediatrics

18,781,568.71

PORTABLE ULTRASOUND

VINNO 5 MAIN UNIT

KEY FEATURES AND TECHNOLOGY

- Portability
- Interface
- Advanced Imaging
- Data & Connectivity

CLINICAL APPLICATIONS

- Emergency & Critical Care
- Musculoskeletal (MSK) & Sports Medicine
- Pain Management & Interventional Guidance
- Obstetrics & Gynecology (OB/GYN)
- Cardiovascular Imaging
- Veterinary Use

NGN 22,024,816.32

CART BASED ULTRASOUND

VINNO X2 Main Unit

KEY FEATURES AND TECHNOLOGY

- Powerful 4D Imaging
- Automated Measurements
- Mother Care Volume Probe
- RF Platform and RF-Flow

CLINICAL APPLICATIONS

- Image Enhancement
- Xcen Wideband Probes
- Connectivity

NGN 18,802,752.58

CART BASED ULTRASOUND

VINNO E35 Main Unit

KEY FEATURES AND TECHNOLOGY

- Pure Wave Transducer Technology
- Advanced Flow Sensitivity
- RF Platform 2.0
- OB/GYN & 4D
- Cardiology Package
- Smart Workflow

CLINICAL APPLICATIONS

- General Imaging
- Obstetrics & Gynecology (OB/GYN)
- Cardiovascular
- Musculoskeletal (MSK) & Specialized
- Workflow Efficiency

NGN 28,995,929.53

CART BASED ULTRASOUND

VINNO S300

KEY FEATURES AND TECHNOLOGY

- VLucid+ Platform
- VLuminous Flow
- AI-Driven Tools
- PureWave Single Crystal Transducer

CLINICAL APPLICATIONS

- Cardiovascular
- Women's Health
- General Imaging

NGN 28,541,254.38

NEONATAL

COMEN B8 ; NEONATAL INCUBATOR KEY FEATURES AND TECHNOLOGY

- Integrated Monitor
- ExNeo® ECG Technology
- Adap-DSP® NIBP
- Apnea Self-Rescue
- Display: 12.1-inch LED backlit touch screen

CLINICAL APPLICATIONS

- Thermoregulation (Temperature Control)
- Humidity Control
- Oxygen Administration & Monitoring
- Integrated Monitoring (C60 Monitor)

NGN 13,302,555.74

NEONATAL

COMEN BQ80 ; Infant Radiant Warmer KEY FEATURES AND TECHNOLOGY

- Radiant Warming
- Neonatal Monitoring
- Resuscitation System
- Radiographic Utility
- Jaundice Phototherapy
- Resuscitation System

CLINICAL APPLICATIONS

- Comprehensive Neonatal Care
- Temperature Management
- Emergency Resuscitation
- Neonatal Monitoring
- Jaundice Treatment
- Integrated Diagnostics

NGN 11,085,463.11

NEONATAL

Comen B2 ; Neonatal Incubator

KEY FEATURES AND TECHNOLOGY

- Dual Symmetrical Heater
- PID Algorithm
- Air Curtain Technology
- Safety Monitoring
- Apnea Support

CLINICAL APPLICATIONS

- Multi-Sensor Monitoring
- Stable Thermal Management
- Ergonomic Access
- Low-Weight Infant Care

NGN 5,819,868.14

NEONATAL

COMEN BT800; Transport Incubator

KEY FEATURES AND TECHNOLOGY

- Pure Wave Transducer Technology
- Advanced Flow Sensitivity
- RF Platform 2.0
- OB/GYN & 4D
- Cardiology Package
- Smart Workflow

CLINICAL APPLICATIONS

- General Imaging
- Obstetrics & Gynecology (OB/GYN)
- Cardiovascular
- Musculoskeletal (MSK) & Specialized
- Workflow Efficiency

NGN 19,399,560.45

PATIENT MONITOR

Comen STAR 8000F ; Multi-parameter Patient Monitor

KEY FEATURES AND TECHNOLOGY

- Advanced Diagnostics: Features CardioTec™ ECG technology
- Nurse Assistance
- Network Integration

CLINICAL APPLICATIONS

- Comprehensive Monitoring
- Advanced Diagnostics
- Portability & Design
- Data Management

NGN 1,572,199.70

PATIENT MONITOR

COMEN N12; Multi Parameter Patient Monitor

KEY FEATURES AND TECHNOLOGY

- Parameters: Standard 3/5-lead ECG
- Advanced Upgrades: Supports Masimo/Nellcor SpO2
- Safety Features: Includes an Apnea Self-Rescue function

CLINICAL APPLICATIONS

- Critical Care
- Emergency & Trauma (ER)
- Perioperative & Anesthesia (OR/PACU)
- Neonatal Care (NICU)
- Cardiology

NGN 3,144,399.41

PATIENT MONITOR

Comen STAR NC5; Portable Vital Sign

KEY FEATURES AND TECHNOLOGY

- Optional Upgrades
- One-Touch Operation
- Mother Care Volume Probe
- Connectivity

CLINICAL APPLICATIONS

- Vital Signs Monitoring
- Clinical Settings
- Operational Modes
- Data & Connectivity

NGN 1,572,199.70

NEONATAL

COMEN AX500; Anaesthesia Machine

KEY FEATURES AND TECHNOLOGY

- Optional Modules
- Gas Support
- Tidal Volume Accuracy
- Comprehensive Modes
- One-Hand Operation

CLINICAL APPLICATIONS

- Perioperative Anesthesia Management
- Respiratory Management & Ventilation
- Low-Flow Anesthesia
- Monitoring & Diagnostics
- Emergency & Preoperative Use

NGN 11,791,497.77

VENTILLATOR

COMEN V3 , Ventilator

KEY FEATURES AND TECHNOLOGY

- Powerful 4D Imaging
- Automated Measurements
- Mother Care Volume Probe
- RF Platform and RF-Flow

CLINICAL APPLICATIONS

- Image Enhancement
- Xcen Wideband Probes
- Connectivity

NGN 15,721,997.03

NEONATAL

COMEN C11; Foetal and Maternity Monitor

KEY FEATURES AND TECHNOLOGY

- Turbine Technology
- Ventilation Modes
- Smart Sync (IntelliSynTec)
- Patient Range
- Portability
- Battery Life

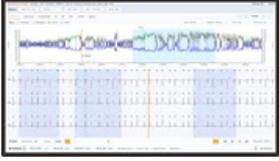

CLINICAL APPLICATIONS

- Critical Care & ICU
- Intra-hospital Transport
- Emergency & ER
- Versatile Ventilation
- Advanced Features

NGN 1,834,232.99

CARDIOLOGY

Holter ECG ; ClickHolter KEY FEATURES AND TECHNOLOGY

- Continuous Recording
- Portability
- Lead System
- Event Button
- Analysis Software

CLINICAL APPLICATIONS

- Arrhythmia Detection
- Symptom Correlation
- Risk Assessment
- Therapy Evaluation
- Post-Event Monitoring

NGN 2,658,300.54

CARDIOLOGY

Cardioline Cubestress ;Stress ECG KEY FEATURES AND TECHNOLOGY

- Continuous Recording
- Portability
- Lead System
- Event Button
- Analysis Software

CLINICAL APPLICATIONS

- Continuous Recording
- Portability
- Lead System
- Event Button
- Analysis Software

NGN 11,575,158.54

CARDIOLOGY

Cardioline Walk 200B; Ambulatory Blood Pressure Monitor

KEY FEATURES AND TECHNOLOGY

- Automated Continuous Monitoring
- Oscillometric Measurement
- Circadian Data Collection
- Patient Activity Diary
- Advanced Analysis Software

CLINICAL APPLICATION

- Diagnosing Phenotypes
- Nocturnal Assessment
- Resistant Hypertension
- Treatment Optimization
- Hypotension Evaluation

NGN 11,575,158.54

CARDIOLOGY

TouchECG System

KEY FEATURES AND TECHNOLOGY

- Wireless Portability
- High-Quality Signal
- Advanced Interpretation
- Data Integration

CLINICAL APPLICATION

- Hospitals & Clinics
- Emergency Services
- Homecare

NGN 11,575,158.54

DEFIBRILLATOR MONITOR

PROGETTI MEDICAL; RESCUE LIFE 9

KEY FEATURES AND TECHNOLOGY

- ECG Analysis
- CPR Feedback
- Vital Signs Tracking
- Data Connectivity

CLINICAL APPLICATION

- Life-Saving Intervention
- Continuous Monitoring
- Pacing & Cardioversion
- Resuscitation Support

NGN 9,223,109.16

DEFIBRILLATOR MONITOR

PROGETTI MEDICAL, RESCUE LIFE 7

KEY FEATURES AND TECHNOLOGY

- ECG Analysis
- CPR Feedback
- Vital Signs Tracking
- Data Connectivity

CLINICAL APPLICATION

- Life-Saving Intervention
- Continuous Monitoring
- Pacing & Cardioversion
- Resuscitation Support

NGN 6,247,912.66

AED; AUTOMATIC EXTERNAL DEFIBRILLATOR

PROGETTI MEDICAL; RESCUE SAM 4.0

KEY FEATURES AND TECHNOLOGY

- 4-Core Analysis System
- PureVoice™ Audio Guidance
- Universal Smart Pads & Paediatric Switch
- Rapid Charging
- Durable Design (IP55)
- Smart Maintenance

CLINICAL APPLICATION

- Medical Facilities (GP/Dental Surgeries)
- Critical Care & Hospitals
- Homecare Environment
- Public Access (Schools, Gyms, Offices)

NGN 2,210,335.52
